

 **Tim in Ky** TdF stage 14 is 181 kilometers from the outskirts of Toulouse north and 07-14 14:58
east into central France at Rodez. A stage finished here just two years ago when Peter Sagan out “sprinted”
GVA on an uphill finish.

 **Tim in Ky** The stage is flat for the first 81 km and then begins a slow but relentless tilt 07-14 15:01
upwards. There are two short Cat 3 climbs that average 7%. The last one comes far enough from the finish
as not to influence it.

 **Tim in Ky** The finishing hill is only about 550 meters long but averages 9%. It's 07-14 15:06
definitely a GVA, PhilGil, Bling sort of day.

 **Tim in Ky** The finish is exactly the same as it was two years ago. It actually descends 07-14 15:10
quickly until 2 km to go. There are some sweeping turns and a couple of narrow underpasses.

 **BusterSci** GvA had his "breakout" win here in 2015, so there is no doubt. Having so many top finishes without significant wins that internet wags developed the GvA Number, as a way of measuring such performance, after beating Sagan here in 2015 the wins started coming easier. 07-15 07:28

 **BusterSci** They winning started right after the Belgian cycling federation cleared him for corticoid use along with a children's medication used as a masking agent. He had a prescription, so all's good. 07-15 07:30

Suggest all y'all who've paid for it email support@NBCSportsGold.com, complain about the audio quality, and demand a refund of \$10. (I could 5 horrible audio stages out of 21, which makes \$10 out of \$40 fee.)

 **BusterSci** I've got Hollenstein (Katusha), Voeckler (DEN), Bouet (Fortuneo), Roosen (LottoJ) and DeGendt (LottoS) 07-15 07:53

 **BusterSci** Back to 2:42 for the break 07-15 07:53

from Bahrain. I read that as Matthews, GvA and Cobrelli have aspirations.

follow, with Sky behind them.

 **Katie** Good morning, gruppetto. Unhappy news on the kitty front. She's got a tumor on her skull that has eaten through to her brain and is affecting half her brain. We have her home now, on a big dose of prednisolone, which has reduced the edema that has been pressuring the brain, but it's a short-term relief. We figure a few days before we have to do the responsible thing. 07-15 08:53

 **Tim in Ky** Sad, Katie. 07-15 08:53

 **Tim in Ky** At least you know now. 07-15 08:53

 **Tim in Ky** Finally, Km 0. 07-15 07:22

 **Tim in Ky** Group of four with a small gap. While this sorts out, I have some gardening07-15 07:25
to do before it gets blistering hot here.

 **BusterSci** GvA had his "breakout" win here in 2015, so there is no doubt. Having so 07-15 07:28
many top finishes without significant wins that internet wags developed the GvA Number, as a way of
measuring such performance, after beating Sagan here in 2015 the wins started coming easier.

 **BusterSci** They winning started right after the Belgian cycling federation cleared him 07-15 07:30
for corticoid use along with a children's medication used as a masking agent. He had a prescription, so all's
good.

 **BusterSci** 2:37 gap 07-15 07:34

 **BusterSci** 170.6km. 2:43 07-15 07:38

 **BusterSci** 162.7km. 2:08 07-15 07:48

 **BusterSci** I'll be better now. I was busy yelling at NBCSports via various media. 07-15 07:50

Suggest all y'all who've paid for it email support@NBCSportsGold.com, complain about the audio quality,
and demand a refund of \$10. (I could 5 horrible audio stages out of 21, which makes \$10 out of \$40 fee.)

-  **BusterSci** I've got Hollenstein (Katusha), Voeckler (DEN), Bouet (Fortuneo), Roosen (LottoJ) and DeGendt (LottoS) 07-15 07:53
-  **BusterSci** Back to 2:42 for the break 07-15 07:53
-  **BusterSci** Anybody else actually out there? Knock once for yes, twice for no. 07-15 07:55
-  **BusterSci** Or not at all to send Buster into an existential crisis. 07-15 07:56
-  **Joanna in New York** Shhhhhhh, I'm supposed to be teaching... 07-15 07:56
-  **BusterSci** Ripley is "nursing" on her dog bed. She gets a fold in her mouth, closes her eyes, and her little front paws message either side. 07-15 07:57
-  **BusterSci** Or massage. She's not good at messaging. 07-15 07:58
-  **BusterSci** Claws don't work on the iPhone screen. 07-15 07:58
-  **BusterSci** 152.7km. 2:40 07-15 08:01
-  **BusterSci** Bahrain leads to pack 07-15 08:02
-  **memb54** I'm back! 07-15 08:03
-  **BusterSci** Good. 07-15 08:06
-  **BusterSci** So not much leash here. Giant and BMC lead the peloton with some help from Bahrain. I read that as Matthews, GvA and Cobrelli have aspirations. 07-15 08:08
-  **BusterSci** 148.5km. 2:18 07-15 08:08
-  **BusterSci** I said Giant above. Of course, that's Sunweb as the proper title sponsor. 07-15 08:09
-  **BusterSci** The whole Sunweb, BMC and Bahrain teams are in front. Aru and Astana 07-15 08:10

follow, with Sky behind them.

 **Tim in Ky** Back for a while. Garden is suffering from rainlessness. 07-15 08:11

 **Tim in Ky** Seems like an unnecessarily short leash. 07-15 08:14

 **BusterSci** There have been no long leashes this Tour. 07-15 08:16

 **mcnally_mi** Saying on the UC broadcast side that this is the last stage of the Tour for Degenkolb. They are saying his wife is expecting a baby and he is scheduled to be going home. 07-15 08:17

 **mcnally_mi** US* 07-15 08:17

 **Tim in Ky** Horsies. 07-15 08:18

 **Tim in Ky** 139 km, 2:13. 07-15 08:21

 **BusterSci** Cannondale likes riding at the back, don't they? 07-15 08:24

 **Tim in Ky** Pretty much. 07-15 08:25

 **BusterSci** Nice boat ramp. Where do you park the trailer? 07-15 08:27

 **Tim in Ky** Interesting that QS is not contributing despite having PhilGil and Stybar. 07-15 08:27

 **BusterSci** Good point, Tim. More interested in protecting Martin and Kittel at this point? Pish, who needs another stage win? 07-15 08:29

 **Tim in Ky** Lots of new pavement in this area. 07-15 08:29

 **BusterSci** And plane trees. Love 'em. 07-15 08:31

 **BusterSci** A couple QS guys follow Sunweb. 07-15 08:31

 **BusterSci** Down to 1:49 07-15 08:32

 **BusterSci** I think it's interesting that the French always include the number with the department name. That would be like saying "Minnesota (32)" 07-15 08:34

 **BusterSci** QS in front before the sprint 07-15 08:42

 **Tim in Ky** Should I be Tim in Ky (15)? 07-15 08:44

 **Tim in Ky** 122, 2:02. 07-15 08:44

 **Tim in Ky** Lots of 2s. 07-15 08:44

 **BusterSci** 121.1km. 2:11. Twos and ones 07-15 08:47

 **Tim in Ky** The Tarn is not navigable. I wonder why they didn't put locks by all these dams. 07-15 08:51

 **BusterSci** Do the people in that area consider themselves Tarnation? 07-15 08:51

 **BusterSci** Are they racing a TGV? 07-15 08:53

 **Katie** Good morning, gruppetto. Unhappy news on the kitty front. She's got a tumor on her skull that has eaten through to her brain and is affecting half her brain. We have her home now, on a big dose of prednisolone, which has reduced the edema that has been pressuring the brain, but it's a short-term relief. We figure a few days before we have to do the responsible thing. 07-15 08:53

 **Tim in Ky** Sad, Katie. 07-15 08:53

 **Tim in Ky** At least you know now. 07-15 08:53

 **BusterSci** No available emoji is sufficiently somber to reflect my sympathies. I'm so sorry. Love her up the last couple of days. 07-15 08:54

 **Katie** thanks, guys 07-15 08:54

 **BusterSci** 114.5km. 2:14 07-15 08:56

 **BusterSci** Balloons 07-15 08:56

 **mcnally_mi** Very sorry, Katie. Thoughts are with you. As Buster said, love on that kitty. 07-15 08:57

 **Tim in Ky** Intermediate sprint results: 1. Thomas De Gendt, 20 pts 2. Maxime Bouet, 17 pts 3. Thomas Voeckler, 15 pts 4. Reto Hollenstein, 13 pts 5. Timo Roosen, 11 pts At 2.05: 6. Marcel Kittel, 10 pts 7. Michael Matthews, 9 pts 8. Fabio Sabatini, 8 pts 9. André Greipel, 7 pts 10. Sonny Colbrelli, 6 pts 11. Jack Bauer, 5 pts 12. Roy Curvers, 4 pts 13. Zdenek Stybar, 3 pts 14. Amaël Moinard, 2 pts 15. Danilo Wyss, 1 pt 07-15 08:59

 **Tim in Ky** Lots of QS on that list. 07-15 08:59

 **BusterSci** Anybody recall a recent top GC guy on any team in any GT who's as totally calm as Froomey? 07-15 09:04

 **Tim in Ky** Overly furnished stretch of road. 07-15 09:04

 **Gilliemarie** Ggod morning all 07-15 09:05

 **BusterSci** Man, the ladies are all showing up at once! 07-15 09:05

 **Joanna in New York** Still supposed to be teaching, but wanted to tell Katie how truly sorry I am... 07-15 09:06

 **Katie** Thanks, Jo. 07-15 09:07

 **BusterSci** 105.2km. 1:58. 07-15 09:10

 **BusterSci** They are, of course, doomed. But they fight on. 07-15 09:10

 **Katie** The French have got to be delighted to see Mini-Virenque in polka dots. (OK, yes, Barguil is Barguil, but I'm sure there's some waxing nostalgic going on) 07-15 09:11

 **memb54** Katie, sorry to hear about your pet. Lost our 13 year old cocker/schnauzer 07-15 09:12

after two operations to eliminate tumours all over her teets. When the pain was no longer controlable, we had to say goodbye.

 **Tim in Ky** Sprites with windsock. 07-15 09:12

 **Tim in Ky** Sunflowers with photographers. 07-15 09:15

 **Tim in Ky** Little echelon at the front. 07-15 09:16

 **Tim in Ky** And in the break. 07-15 09:16

 **Tim in Ky** Had lunch in Albi once. 07-15 09:19

 **Katie** Did you have an alibi? 07-15 09:20

 **Tim in Ky** Didn't need one. 07-15 09:20

 **BusterSci** I had lunch in Alba once. But not in Albi. I did buy bread at Aldi, though. 07-15 09:20

 **Tim in Ky** 95 km 2:01. 07-15 09:27

 **Katie Lane** Able was I ere I saw Alba... 07-15 09:29

 **BusterSci** I wonder if anyone has ever done a study on the socioeconomic effects of cathedral building. It would be and interesting study of the costs and benefits of infrastructure. 07-15 09:29

 **BusterSci** Madam in Eden, I'm Adam. 07-15 09:29

 **BusterSci** Go hang a salami, I'm a lasagna hog. 07-15 09:30

 **BusterSci** Idris Elba bought lunch at Aldi in Albi. 07-15 09:31

 **BusterSci** We have two Katies. We also have two Mikes. 07-15 09:36

 **BusterSci** 88.1km. 1:39 07-15 09:38

 **Tim in Ky** 88 km, 1:40. 07-15 09:38

 **BusterSci** We also have two moderators who often think alike within seconds of each other. 07-15 09:38

 **Tim in Ky** Clock! 07-15 09:40

 **BusterSci** Dude clock! 07-15 09:40

 **BusterSci** Like I said 07-15 09:40

 **Tim in Ky** Feed zone. 07-15 09:41

 **Katie** OK, Buster ... come up with some palindromes or limerics on the duplication of names, please 07-15 09:41

 **mcnally_mi** I was just catching up on some previous podcasts and was listening to an interview Lionel Birnie did with Michael Rasmussen on "The Cycling Podcast". It was a good listen, a shade disturbing. The Chicken shows zero remorse for his doping among other things. But it is worth the listen none the less. 07-15 09:46

 **BusterSci** In order to rhyme right with Katie / I have to mispronounce Maite / And mcnally_mi / is named like BusterSci / And none of the names are Kuwaiti 07-15 09:48

 **Tim in Ky** 82 km, 1:55. 07-15 09:48

 **Tim in Ky** Strong crosswind here. 07-15 09:49

 **Katie** Well done! 07-15 09:49

 **BusterSci** mcnally, I though the Dekker interview was the exact opposite. Dekker knows he was wrong, would like to have done it differently, but also admits that even knowing what he knows now he probably wouldn't have actually made different decisions as his younger self. 07-15 09:50

 **mcnally_mi** I still have that one in the cue. I'm looking forward to it. During the week, 07-15 09:55

they seem to stack up. But great to listen to when I'm driving or doing work around the house.

 **BusterSci** Understood on the timing, especially with daily casts during the Tour. 07-15 09:58

 **BusterSci** 73.8km. 2:36 07-15 09:58

 **Katie** may we please have a Ripley photo? 07-15 09:59

 **Tim in Ky** Lumpy zone. 07-15 10:02

 **BusterSci** Does that do it for you, Katie? 07-15 10:05

 **Katie** awwwwwww 07-15 10:05

 **Katie** how sweet is that?! 07-15 10:05

 **BusterSci** //rumbletalk-images-

 **BusterSci** NICE! 07-15 10:08

 **mcnally_mi** Dewey wanted to say hello. 07-15 10:08

 **Katie** Hi Dewey! 07-15 10:09

 **Tim in Ky** Gold sound gone wonky again. 07-15 10:09

 **BusterSci** Ripley met the vacuum cleaner yesterday. I can say she was all bark and no bite. But she's got really good lateral jumping ability. 07-15 10:10

 **Steve in CO** Wh t' s ong w th the Gol s nd? 07-15 10:12

 **Trish in MA** Morning, all. 07-15 10:12

 **BusterSci** Hi, Trish. 07-15 10:12

 **Trish in MA** Bit of advice needed. I'm going to get to see a stage of the Vuelta (Hooray), but have to convince husband that it's better to hang on the mountain for hours than just stand on a street corner and watch them zoom past. Any winning arguments? 07-15 10:14

 **BusterSci** Beer. 07-15 10:15

 **mcnally_mi** With the abandon of Fabio Feline, it brings the race to 176 riders. Which I believe will be the new starting number for GTs next year. 07-15 10:15

 **Trish in MA** Maybe Spanish wine, instead 07-15 10:15

 **Steve in CO** people wearing the Borrat sling things 07-15 10:15

 **BusterSci** Sure. I'll buy him a mankini if he'll wear it. Then we'll know who you are while we watch. 07-15 10:16

 **Trish in MA** I'll make a LugNuts flag and wave it in front of al the riders. 07-15 10:17

 **Steve in CO** It is is in the last 20km you can wear the jersey of your least favorite team and pass their riders bottles 07-15 10:17

 **Joanna in New York** Back for the finale, yay! 07-15 10:19

Steve in CO I think it would be an experience to be on one of the big climbs.

07-15 10:19

However, I must admit that during the short lived USA Pro Cycling Challenge race in CO we found it best to be at the finish line festivals.

BusterSci If I ever make it to a stage and the Pub is still open, I will find used Lampre 07-15 10:19

kit on eBay and wear it to full effect.

Steve in CO My wife said the other day that maybe we should go to the TDF as my 07-15 10:23

50th b-day trip. That is still over 4 years away so I am hoping the Sky reign is over by then.

Tim in Ky 59 km 2:02.

07-15 10:23

BusterSci Where else would reign come from but the Sky?

07-15 10:23

Katie I remember feeling that way (Sky reign) about the Indur-riegn back in the other 07-15 10:28

century. Oddly, I was sucked into the acid reign of that government logisticis outfit and never complained during that downpour.

Joanna in New York Trish, a good idea is a Time Trial. You can be near the 07-15 10:28

start/finish festival, and watch each rider come in. Prolongs the cycling viewage and allows for the fellowship, food and drink.

Tim in Ky First Cat 3 for the break.

07-15 10:31

Steve in CO I too was bathing in the acid reign back in the day, blissfully soaking 07-15 10:31

away while unknowingly being burned. Now I find domination by one team or person sort of boring.

Charles Davis Morning all. My contributions yesterday were less than I thought. My 07-15 10:32

antibiotic gave me a sick tummy so I slept through a bunch of the race. I did see Froome attack going up and then again and again all the way to the finish. Good stage. Glad to see Quintana and Berto do well. I am ready for week 3.

Tim in Ky Roosen needed a bike change and now trying to get back in the break on 07-15 10:32

the climb.

Joanna in New York Hope you are feeling better soon, Charles!

07-15 10:33

	Tim in Ky And Roosen is back.	07-15 10:35

 **BusterSci** What about Celery Time? Anybody know that Arlo Guthrie bit? 07-15 10:46

 **BusterSci** Hope to be back before the end but first...I gotta go walkies. Ripley needs her stroll while it's still 70 and not 95. 07-15 10:47

 **RSoseman** Is it over ? 07-15 10:48

 **Katie** Before she's Drippy Ripley 07-15 10:48

 **Katie** nope, you're in time! 07-15 10:48

 **RSoseman** Hey everyone 07-15 10:48

 **Katie** Don't you mean "Hay?" 07-15 10:49

 **RSoseman** As per usual here I am not sure what I am supposed to mean 07-15 10:50

 **RSoseman** :) 07-15 10:51

 **Katie** All the hay-bale clocks. you missed one by seconds. :-)) 07-15 10:52

 **BusterSci** Mons, when you are here you are your own meaning. 07-15 10:52

 **Tim in Ky** On the second Cat 3. 07-15 10:53

 **RSoseman** Oddly comforting from a penguin 07-15 10:53

 **Tim in Ky** Kittel draged back by a teammate just in time for the climb. 07-15 10:54

 **Tim in Ky** De Gendt, Voekler and Roosen left in the break. 07-15 10:55

 **Tim in Ky** Roosen now dropped. 07-15 10:56

 **Tim in Ky** Bouet back in the peloton. 07-15 10:57

 **Trish in MA** Does anyone else have trouble with The Pub on a mobile phone? My iPhone will not let me scroll to the end of the feed. Is there some setting I can't find? 07-15 10:58

 **Tim in Ky** Trish, at the top right there is an icon of three stacked squares. Tap that, the tap Full Screen and it will scroll. 07-15 11:00

 **KinPA** Oh good, I made it. 07-15 11:00

 **KinPA** Just got home 07-15 11:00

 **KinPA** (Not from last night) 07-15 11:00

 **Tim in Ky** Kittel dropped again. 07-15 11:01

 **Trish in MA** Thanks, Tim. That worked. Now I can go buy expensive eggs at the farmers market and not miss the final. 07-15 11:01

 **DeniseP** Hi All, 07-15 11:09

 **Joanna in New York** Hi!! 07-15 11:09

 **DeniseP** Anyone having trouble with NBC Gold -- I have pictures, but not moving video.. I will be asking for a refund as suggested! 07-15 11:09

 **Joanna in New York** I see they have Max Headroom back commentating at Gold, going to have to switch to P&P... 07-15 11:09

 **Joanna in New York** Yes, Denise. Audio has been spotty. 07-15 11:10

 **KinPA** Jo, do you still hear them when you walk away from the computer? 07-15 11:19

 **Joanna in New York** Ummmmm... 07-15 11:19

 **Joanna in New York** Bob Roll saying dangerous traffic islands between 4k to go and 3 k to to. 07-15 11:20

 **Joanna in New York** Perhaps they're volcanic... 07-15 11:21

 **KinPA** If erupting traffic islands really did exist they'd be in the Giro 07-15 11:22

 **Charles Davis** Good point 07-15 11:24

 **Tim in Ky** Had to switch to TV. 07-15 11:25
